

Research Exam Evaluation Form

Evaluation	Criteria
-------------------	-----------------

- | | |
|-------|---|
| _____ | Is the student able to find relevant literature and acquire depth of knowledge in a given research area? |
| _____ | In the given research area, does the student show deep insight and perform a critical analysis? |
| _____ | Does the student have the breadth of knowledge to perform research and the ability to acquire new knowledge independently? |
| _____ | What is the quality of the writing of the report, compared to a typical paper at a peer-reviewed conference in the given research area? |
| _____ | What is the student's ability to present research and communicate technical ideas orally? |

For each item on the evaluation form the committee must rate the student "excellent," "good," "fair," or "unsatisfactory."
