

Sources for Chapters in the CS314 textbook

Credits

1. Software and software engineering: *Chapter 1 from Object-Oriented Software Engineering, Second Edition by Lethbridge, Laganière, 2004* 1
2. Software Life-Cycle Models: *Chapter 2 from Object-Oriented and Classical Software Engineering, Eighth Edition by Schach, 2011* 29
3. Elegance in Object-Oriented Design and Implementation: *Chapter 1 from Object-Oriented Design Using Java by Skrien, 2009* 67
4. Fundamentals of Object Orientation: *Chapter 2 from Object-Oriented Design Using Java by Skrien, 2009* 75
5. Elegance and Implementation Inheritance: *Chapter 3 from Object-Oriented Design Using Java by Skrien, 2009* 111
6. Elegance and Methods: *Chapter 4 from Object-Oriented Design Using Java by Skrien, 2009* 148
7. Elegance and Classes: *Chapter 5 from Object-Oriented Design Using Java by Skrien, 2009* 194
8. Implementation: *Chapter 15 from Object-Oriented and Classical Software Engineering, Eighth Edition by Schach, 2011* 240
9. Basing software development on reusable technology: *Chapter 3 from Object-Oriented Software Engineering, Second Edition by Lethbridge, Laganière, 2004* 293
10. Developing requirements: *Chapter 4 from Object-Oriented Software Engineering, Second Edition by Lethbridge, Laganière, 2004* 334
11. Modeling with classes: *Chapter 5 from Object-Oriented Software Engineering, Second Edition by Lethbridge, Laganière, 2004* 394
12. Using design patterns: *Chapter 6 from Object-Oriented Software Engineering, Second Edition by Lethbridge, Laganière, 2004* 446
13. Focusing on users and their tasks: *Chapter 7 from Object-Oriented Software Engineering, Second Edition by Lethbridge, Laganière, 2004* 478
14. Modeling interactions and behavior: *Chapter 8 from Object-Oriented Software Engineering, Second Edition by Lethbridge, Laganière, 2004* 509
15. Appendix A: An Introduction to UML: *Chapter from Object-Oriented Design Using Java by Skrien, 2009* 533
16. Appendix B: Coding Conventions and Javadoc Comments: *Chapter from Object-Oriented Design Using Java by Skrien, 2009* 548
