

Lab 3

Intro to zyLabs & Variables

Objectives of this Lab:

1. To get familiar with zyLabs and how to use it
2. To visit the Piazza bulletin board so you know where to post questions
3. Learn about Java variables, input, output, and expressions

GitHub Classroom

You will submit Lab 2 to GitHub Classroom using this link:

<https://classroom.github.com/a/6qSvuouY>

If you need help, your TA will walk you through it.

Piazza

Your TA will help you navigate the Piazza website and show you how to post and answer questions. The link for Piazza is on Canvas.

Programming in Eclipse and zyLabs

Open up Eclipse and zyLabs and follow along with your TA in Lab 3 Demo. They will explain the lab as they demonstrate and go through it. You should follow along. You will submit this part of zyLabs.

After the demo is completed, you need to complete Lab 3: On Your Own. Submitting both Lab 3 Demo and Lab 3 On Your Own will give you your total grade for Lab 3.
