HEAPS: Stepwise building, adding, removing

1. Stepwise build a max heap from 80, 20, 90, 30, 50, 35. Show the heap as a complete binary tree.

- 2. Show the heap from #1 as an array.
- 3. Remove the top 2 items and show the two heaps as complete binary trees .

4. Add 75 and show the heap.

5. Do 1 to 4 for the sequence: 70, 50, 40, 20, 30, 60, 10
